Quotes

“Akron’s present recreational facilities, hospitals, parks, social welfare groups, cultural activities – there is hardly a movement for civic betterment that has not felt the forceful imprint of his public spirit.” *Akron Beacon Journal editorial quoted in Tires Magazine, May 1938.*

“His home and his heart have always been open to all. His civic spirit and price and his ceaseless activity to make his community a happier, better place in which to live made him one of its greatest citizens.” *Quote from document presented to F.A. Seiberling from the Seiberling Rubber Company on his 80th birthday, October 6, 1939.*
