

# STAN HYWET HALL & GARDENS

## Garden Benches

Each year the picturesque gardens of the Franklin A. Seiberling estate provide thousands of visitors with an opportunity to savor the beauty and magnificence of a historically significant work of American landscape architecture. Originally designed between 1911 and 1915 by renowned Boston landscape architect Warren Manning, the panorama of Stan Hywet Hall & Gardens is a work of art in its own right designed to delight the senses year round and inspire generations of visitors.

Stan Hywet is pleased to offer individuals, organizations, and businesses the opportunity to sponsor heirloom quality teak garden benches to be situated in various locations throughout the Estate. These handsome benches gratefully adorn the natural landscape and provide visitors with seating to rest or simply to sit and drink in the splendor of the surroundings.

Each sponsored garden bench will be embellished with an engraved name plate acknowledging the donor and/or the honoree. This is a distinguished and beautiful manner in which to honor the memory of a loved one or pay tribute to the accomplishments of an individual or organization.

### Gift Options

<b>8 foot bench</b>	<b>\$2,500</b>
