

New Tour Features Coming to the Manor House in 2019

By Donna Spiegler, Communications Manager

Stan Hywet opens for the season on April 2nd, and we're looking forward to your visit! It's a new year with new exhibits and public programs —inspired by our 2019 theme of *Lasting Impressions*.

You'll notice some upgrades and enhancements to the guest experience in the Manor House. By mid-May, new *reader rails* will augment a totally revised and easier-to-read *Visitors Guide*. The reader rails offer additional information, supplementing the tour you've chosen, either a guided or self-guided tour. Here's what to expect:

READER RAILS

Guests touring the Manor House will notice new *reader rails* in 10 rooms of the mansion. These linear information panels feature additional facts to enhance a visit, supplementing information in the *Visitors Guide*, and what is offered on a Guided Tour. Reader rails will be installed in May.

UPDATED VISITORS' GUIDE

The *Visitors Guide* has been revamped and updated to make it more useable. Guests asked for room identification that corresponds to the guide, we've delivered! Labels in each room (with some brief description) will correspond to identification numbers in the guide.

We look forward to sharing our beautiful Estate with you this season!

Tour tickets are now available for purchase at stanhywet.org.

See you soon!
